

LUMIVERSITY

MANIFESTO for LUMIVERSITY®

OUR AMBITION:

With our partnership on Smart Social Cities and Global Knowledge Center, we declare our fully commitment to create and foster accesible services and products for cultural, entretainment and educational services/products for citizens in order to improve the happiness and quality of life of all citizens and contribute to sustainable and social Smart cities environment.

OUR COMMITMENT TO ACTION:

We. thru this Manifesto, commit ourselves to:

1. Exchanging experiences on effective and replicable best practices.
2. Collaborating and listening with comunities focus on knowledge sharing and disseminating viable solutions and successful good practices for replication and scale up.
3. Actively engaging entrepreneurs from the start both in urban innovation decisión making processes and when designing Smart Social Cities solutions.
4. Implementing citizen-centric designed solutions.
5. Leveraging on interconnections between big and small cities, urban and rural communities with Cultural, educational and entretainment solutions.

Thru Lumiversity® Initiative we will collaborate on the following activities:

1. We work for transforming educational atmosphere for any individual to generate contribution and commitment from anyone in favor of justice, equality, social and sustainable development taking care of environmental affairs.
2. We defend an Inclusive Education with no limits, quality and freedom as a right.
3. We Foster organizations, entrepreneurs and startups looking for a critical democracy within socio-economic development within our cities.
4. We are based on collaborating, cooperation and reciprocity learning.
5. We are keen to approach culture with no bridge for your racial condition or languages.
6. We are focus on fostering the entretainment and cultural solutions for Smart Social Cities.
7. We believe on decentralization as a power for all.
